MDTC Sends Students to Washington, D.C.

Carl Hartweg of Carthage, Danyelle Marvel of Littleton, Anna Powers of Macomb and Alan Simonson of Good Hope represented McDonough Telephone Cooperative in Washington, D.C., during the annual “Youth to Washington” Tour, June 12-19. This event, sponsored by the electric and telephone cooperatives of Illinois, began 50 years ago to introduce rural youths to our democratic form of government and cooperatives.

The students met with Congressman Aaron Schock and were among 65 rural

Illinois youth leaders selected for the trip. The Illinois students joined 1,532 young leaders from across the country. In addition to the Capitol, they also visited Arlington National Cemetery, the Washington National Cathedral, several Smithsonian Museums, the U.S. Holocaust Memorial Museum, the World War II Memorial, the Royal Embassy of Saudi Arabia, the National Archives, the Newseum and a number of other historical sites.

Nominating Committee Selects Candidates

The 2009 nominating committee met July 7 at the Red Ox in Macomb. Present at the meeting were: District 1, Adair/Bardolph – Karen Smith and Wanda Carson; District 2, Raritan/Smithshire – Jim Kane and Brad Arnold; and District 5, Lomax – Harold Ravenscraft and Robert Willdrick, Jr. Also attending were legal counsel John McMillan and President Bill Buchanan.

The committee acted to select candidates for election to the McDonough Telephone Cooperative board of directors. Nominated were: District 1 – Rose Marie Lynn; District 2 – Larry Thompson; and District 5 – Dennis Huffman. Directors are elected to three year terms.

The election will be held at the 2009 Annual Meeting to be held on Thursday, September 3, at 7 p.m. at The Crossing, 1600 West Jackson Street, Macomb. All members are urged to attend. Find out what the co-op is planning... Visit with your neighbors... Participate in electing your director. One member, one vote—make yours count!

In Memory of Don Rings

We are saddened by the death of a long-time member of the McDonough Telephone family. Don Rings, 69, died on June 26, 2009 while farming.

Don served on the board of directors for 22 years, representing District 6, Colusa, and was a past board chairman. In addition to serving on the MDTC board, he was a Rock Creek Township trustee and a member of Colusa United Methodist Church where he was currently the chairman of the board.

Don and his wife Bev were married for 48 years and had two sons: Randall of Cedar Rapids, Iowa and Russell of Nauvoo. Don also had three grandchildren.

Don was a staunch supporter of the co-op and the cooperative way. He always acted in the best interests of his exchange and the MDTC membership in general. Don Rings was a conscientious board member, a dedicated family man, an asset to his church and community and a good friend. He will be sorely missed.

Americans' Spare Time is Spent Online

Recent reports from Media-Screen and the University of Southern California's Digital Future Project have revealed that Americans are spending more and more time online. In fact, we're now the biggest consumers of online information in the world—and we spend about half our spare time surfing the Web.

Time spent online is being boosted by broadband connections like those offered through MTC Communications. As of last year, 75% of all Internet users had a broadband connection at home—up from just 25% the previous year. These high-speed Internet users now spend more than an hour and a half online during each workday. About half of that time is spent on activities related to communication and entertainment.

If you'd like to make your online time even more convenient, call our office and ask about the five new high speed Internet

packages from MTC Communications. You'll enjoy an always-on connection plus the ability to make phone calls and surf the Web simultaneously.

What exactly are Americans doing online? Here's what we found:

- 80% of adult Internet users have searched for health topics online—making this one of the most popular activities
- 83% said they researched a product or service before buying it
- 80% of Internet users age 17 and older said the Web is a more important source of information than television, radio, or newspapers
- 71% surf the Web without a specific destination
- 60% search for news
- 35% play games
- 25% read humor-related content
