Happy 4th of July

McDonough Telephone business office will be closed on Tuesday, July 4th

Caller ID Spoofing

“Spoofing” occurs when a caller deliberately falsifies the information transmitted to your caller ID display to disguise their identity. Scammers, robocalls & telemarketers have begun spoofing caller ID information illegally with local numbers to the person they are calling. The number appears to be valid but is actually an inactive number.

Spoofing is used as part of an attempt to trick someone into giving away valuable personal information so it can be used in fraudulent activity or sold illegally. You may not be able to tell right away if an incoming call is spoofed. Be careful about responding to any requests for personal identifying information.

If you receive a call and suspect caller ID information has been falsified, or you think the rules for protecting the privacy of your telephone number have been violated, you can file a complaint with the FCC. File a complaint online at <https://consumercomplaints.fcc.gov> or by phone **1-888-225-5322**. You can register your home or cellular number or file complaints of unwanted calls at <http://www.donotcall.gov/>

Chicken Enchilada Rice Casserole

- | | |
|--------------------------------------|-------------------------------------|
| 2 cups dry Basmati Rice | 16 oz Old El Paso refried beans |
| 1 c white cheddar cheese, shredded | 11 oz can kernel corn, drained |
| 1 c Monterey Jack cheese, shredded | 1 can black beans, drained & rinsed |
| 1 whole rotisserie chicken, shredded | 1 can Rotel tomatoes |
| 20 oz Old El Paso Enchilada Sauce | Salt & pepper to taste |

Cook the rice with 4 c water and 1/4 c butter.

Preheat oven to 350.

Mix the 2 cheeses together. In a large bowl mix the shredded chicken with the enchilada sauce, refried beans, black beans, tomatoes & half the cheese. Add rice, season with salt & pepper & mix well. Pour rice mixture into a large casserole dish. Top with corn then remaining half of cheese.

Bake for about 20-30 minutes or until cheese melts and is bubbly. Serve warm.

Attention Lifeline and Monitor Users

If you are a Lifeline user or are monitoring an at-risk baby, please notify our plant department by dialing 611. In the event of an outage, persons with Lifeline or a monitoring system are given priority status in having their service restored so it is vital our subscribers keep us informed of such special circumstances. New Lifeline and monitor users will be asked for certification from a physician.

We also request you inform us when a Lifeline or baby monitor is taken out of service so we can update our records. Your assistance will help us to serve you better.

Thank you!

900 Number Consumer Rights

The Federal Communications Commission (FCC) adopted rules for pay-per-call 900 services under the Telephone Disclosure and Dispute Resolution Act of 1992. These rules are designed to protect consumer rights.

Pay-per-call services are those information services that are offered through 900 numbers and carry a fee greater than the cost of simply transmitting a call. Any interstate service that charges consumers for information – other than telephone directory assistance – must be provided through a 900 number. Pay-per-call services are not allowed on toll-free calls, such as 800 numbers, unless services are paid by a prepaid account or credit card. Callers to toll-free numbers may not be transferred to 900 numbers. Local telephone companies must offer consumers the option of blocking access to 900 number services if technically feasible.

Telephone companies may not disconnect local or long distance telephone service for failure to pay 900 number charges. However, all other charges on the bill that are not part of the disputed amount must be paid. Non-payment of 900 number pay-per-call services may result in involuntary blocking of access to the pay-per-call programs. Pay-per-call services must be shown in a portion of the bill separate from local and long distance charges. Information outlining consumers' rights and responsibilities with respect to payment of information service charges must be included with the bill.

McDonough Telephone Cooperative offers blocking of 900 and collect calls at no charge to the membership. Members wanting to unblock are assessed the normal service order charges.
